SELF-GUIDED MUSEUM EXPERIENCE: TORRANCE ART MUSEUM
The Cuban Matrix

A matrix is “something from which something else originates, develops, or takes form”.

In this exhibition of contemporary Cuban artwork, the artists have created work in a culture of limited access, where information is shared through workarounds such as the offline digital marketplace, or “El Paquete Semanal”.

How have these artists created a matrix?
What information or ideas are being exchanged through this exhibition?

Find *Stampede* by Jorge Otero Escobar.

Where is the image set?

What methods of communication or mediation are shown here?

What might the photographer be trying to communicate?
